

Containment Berm, Foam Wall Model® Light-Duty RPE

A versatile spill containment berm for leaks, drips and spills

Designed for lighter applications where portability and ease of use matter most, the Ultra-Containment Berm – Light-Duty Foam Wall Model delivers reliable spill protection in a streamlined, economical design. Its low-profile construction makes it ideal for routine maintenance, indoor use, and temporary containment needs without the bulk of heavy-duty systems.

- + Fast, hassle-free spill containment for drums, IBCs, and equipment.
- + Low-profile, four-inch foam sidewalls compress under wheels and tires for easy drive-in/drive-out access.
- + No tools, no assembly—simply unfold and it’s ready to protect.
- + Built tough yet easy to handle, with textured 30-mil reinforced polyethylene that delivers superior durability and chemical resistance.
- + Integrated handles make moving, positioning, and redeploying quick and effortless.

Part#	Dimensions ft. (m) Wall Height: 4" (102 mm)	Capacity gal. (L)	Weight lbs. (kg)
7909	12 x 12 (3.7 x 3.7)	359 (1,359)	49.0 (22.2)
7910	12 x 25 (3.7 x 7.6)	748 (2,831)	88.0 (39.9)
7911	12 x 35 (3.7 x 10.7)	1,047 (3,963)	118.0 (53.5)
7912	12 x 50 (3.7 x 15.2)	1,496 (5,663)	180.0 (81.7)
